

## **Yee Hong Centre For Geriatric Care**

頤康中心

The Yee Hong Centre for Geriatric Care is Ontario's largest non-profit long term care provider. We provide a comprehensive range of culturally-appropriate services to over 15,000 seniors in the Chinese, South Asian and Japanese communities. Yee Hong was established in 1994 and currently operating four centres in the GTA (805 long-term care beds), senior residences (approximately 500 units) and a full range of community-based social and medical services for seniors still living in their own homes.

In 2016, Yee Hong was accredited for the seventh consecutive time, "with Exemplary Standing" which is Accreditation Canada's highest possible standing. Yee Hong's reputation for quality has resulted in a long-term care bed waiting list of over 5,000 which is one of the longest wait times in the province. In 2018, we were granted licenses to build (either on our own or in partnership with other providers) 800 more beds and we will also be building Scarborough's first residential hospice in 2020.

### **BOARD OF DIRECTORS**

The Board of Directors contributes to the effective governance of Yee Hong. More specifically, it provides the necessary leadership:
